

Certificate of Compliance

Date: _____ Project: _____
General Contractor: _____ City, State: _____
Masonry Contractor: _____ Architect: _____

This letter certifies the following product will be provided for the above named project.

CavClear Stone Mat, a fluid-conducting nonabsorbent, mold and mildew resistant polymer mesh consisting of 100% recycled fibers with binder, manufactured by CavClear/Archovations, Inc. toll free telephone 888. 436.2620. CavClear Stone Mat creates and maintains an air space behind stone when installed substantially continuous (full-height) behind all stone masonry by preventing mortar from making contact with the backup.

It is understood that the above described material is subject to such modification of dimensions and assembly details as may be necessary for proper coordination with other installations and structural elements.

- Product to be provided: [] 1" CavClear Stone Mat, 16" x 96" (bundle)
[] 3/8" CavClear Stone Mat, 16" x 96" (bundle)
[] 3/8" CavClear Stone Mat, 4' x 100' (roll)
